#### WARRINGTON NHS HOSPITAL BIRTHING POOLS

- Project Value: £400,000
- Project Type: Bespoke Installation
- Project Aim: New Birthing Pools
- Project Completion: December 2020

#### WARRINGTON NHS HOSPITAL BIRTHING POOLS

We had the electrical Lighting & Power, CCTV, Fire, Access Control, Induction Loop, Intruder Alarm & Data Packages.

The Programme was a 39 Week Turn round to Refurbish the Original Ward to create a Bespoke new Birthing Pools an NHS project now rolled out to all sectors up and down the UK which working through live offices and Corridors.

We delivered the project on programme, which has now become a figure head for Birthing Technology, with a new "Starlight Lighting" introduced as part of the Design/Client Requirements please refer to the Video Link:
