Installations  
Limited**

**Committed to  
Service**

## LIVERPOOL JOHN MOORES UNIVERSITY

- **Project Value: £35,000**
- **Project Type: Electrical Installation**
- **Project Aim: Install of CO<sub>2</sub> Detectors**
- **Project Completion: October 2021**

## LIVERPOOL JOHN MOORES UNIVERSITY

We had the electrical Power & Data plus the Installation & Commissioning of 250 Co2 Detectors, which to IED are now entrusted by request of the University to roll out across the entire campuses.

The Programme was a 1 Week Turn round for the 1st of 3 buildings to 25 Student Classrooms whilst working through live offices and Corridors for 25 Detectors.

I.E.D. then received a fresh updated order for a further 25 Detectors, which we also turned round within 5 days, of the back of the success of 50 Detectors, we have now received an order for a further 200 detectors.

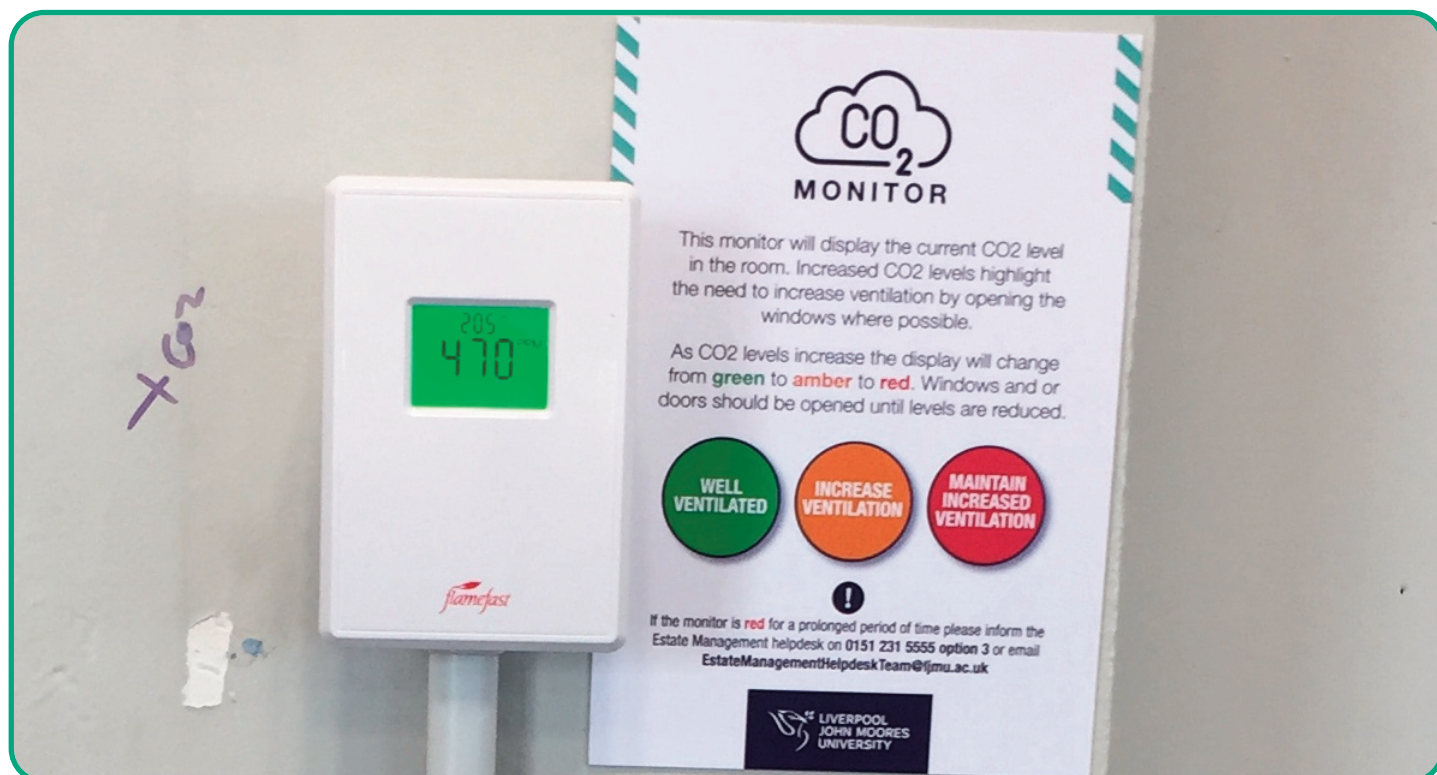

- Installation & Commissioning of the CO<sub>2</sub> Detectors
- Electrical & Data
