### AVRENIM HYDROTHERAPY - RLUH

- Project Value: £200,000
- Project Type: Electrical Upgrade
- Project Aim: Upgrade of Ground Floor
- Project Completion: March 2022

### AVRENIM HYDROTHERAPY - RLUH

**The works consisted of, but were not limited to:**

Electrical Lighting & Power, Data, Fire, Earthing & Bonding, Mains Distribution, Mechanical, Ventilation and All Building Works relating to the Floors, Partitions, Ceiling and All Sub Mains to include all testing and commissioning.

The Programme was a 10 Week Turn round to Strip out all, lighting & Power, Floors, ceilings, all Mechanical Ductwork and Vent, including all domestic Hot and Cold Water Pipework then removal and dispose away from site whilst working through live offices and Corridors.

IED re-wired the Lighting in Power changed all Office data and Corridor Lighting and tested on Completion.

**The project was delivered on time in accordance with the Contract Programme.**
