- Project Completion: July 2024

CARDINAL NEWMAN COLLEGE

Cardinal Newman College based in Preston, Lancashire is consistently placed amongst the highest performing Sixth Form College's nationally and is a wonderful place to study.

Following an inspection in February 2023, are delighted to be rated as Ofsted Outstanding once again.

With outstanding teachers, facilities, and results, they are the place of choice for students across Lancashire And are a happy and distinctive Catholic Sixth Form College, with a unique campus, welcoming students of all faiths and has a strong feeling of community.

They have a range of over 50 courses, from A-Levels to BTEC courses and T-Levels, we help our students to progress onto prestigious universities such as the Russell Group as well as rewarding careers, with outstanding teachers, pastoral support, state-of-the-art facilities and results prove we are the place of choice for students in Lancashire.

The College also offers degree courses, as well as being a centre for teacher training for the Catholic Teaching Alliance Preston Hub.

IED Disciplines

IED Installations Group successfully secured the scheme and nominated as Preferred Contractor to E3 Cub following many recent Sustainability & Decarbonation Schemes.

The works coordinated in line with the setup of Temporary PODS to accommodate 30 Children across 6 Nr Temp Classrooms and a Temp Kitchen (By Others), this has a stringent pressure to the programme critical path to ensure we were complete and clear before the new school term and retaining the "Life Safety Systems" across both the Temp Classrooms and the Remodelling Area.

The site is located in Hollies Road, Halewood L26 0TH

The Programme ran for 4 weeks to fall in line with the new School September 24 term Commitments.
